Charis,

Please see the attached EPA-Region 8 comments on the BLM's latest draft Presumed to Conform and draft Exemption lists. Once again, we apologize for the delay and please let us know if you have any follow up questions. We are also happy to have a conference call to go over any or all of the comments.

Thanks,

Scott

Hi Charis,

We have prepared internal draft preliminary comments, but they have needed a more extensive review than was anticipated. Some of our draft comments may have potential general conformity national consistency concerns. For those issues, we will need to have additional discussions with our colleagues in our Office of Air Quality Planning and Standards (OAQPS) and in our Office of General Counsel (OGC).

Sorry for the delay in our response and we appreciate your continued patience.

Thanks!

Tim

Hi Charis,

Just to follow-up on our discussion this afternoon, we will need additional time to review the BLM's Presumed to Conform and Exemption List materials. This is due to staff schedules, conferring with our colleague in our Office of Air Quality Planning

and Standards (OAQPS), and our management needing to be present at the Clean Air Act section 111(d) public hearings occurring at our office today and tomorrow.

We anticipate to be able to send you a response by Friday, August the 8<sup>th</sup> and appreciate your patience.

Please let me know if there are any questions.

Thanks!

Tim
